

FIFTH AVENUE BATHROOM FURNITURE

Cabinetry Collection

About

Fifth Avenue Bathroom Furniture takes its name from the iconic Fifth Avenue in New York, a destination known for luxury, historical architecture, refined design and timeless style. Inspired by this sense of sophistication, Fifth Avenue was created to bring a more elevated approach to bathroom furniture in Australia.

Proudly Australian-owned, our brand is built on quality, detail and longevity. A bathroom renovation is not undertaken often, so we believe it is worth doing properly. Each piece is thoughtfully designed to feel refined, functional and made to last, for those who value beautiful bathroom furniture with enduring style.

Craft

Craftsmanship sits at the heart of everything we create. Our team considers every detail with care, ensuring each piece meets exceptional standards of quality, function and design.

Proudly made in Melbourne, each vanity and shaving cabinet is handcrafted from premium materials, with skilled workmanship and meticulous attention applied throughout every stage of construction.

- 1200mm Celeste Trio. Colour: Walnut.
- Orlato Handles. Colour: Brushed Brass.
- 1200mm Nova Shaving Cabinet.

Cabinetry Finishes

Crafted with intention.

Solid Timber

A natural material celebrated for its rich texture, visible grain and distinctive character. Our Australian timbers give every piece a look that is entirely its own. While the design remains consistent, natural variations in tone and pattern ensure no two pieces are ever the same, making each one a truly unique work of art.

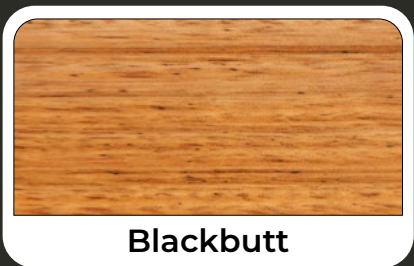

Victorian Ash

Messmate

Timber Veneer

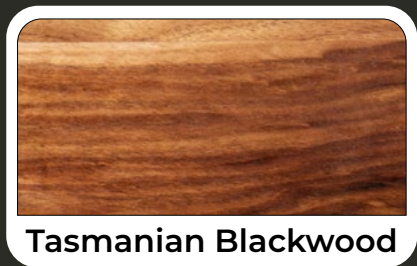

Timber veneer is crafted using a layer of sustainably sourced Australian timber, bonded to a structurally dense board. The natural grain, texture and character of the timber is felt and admired, offering the look and warmth of premium timber in a refined, versatile cabinetry finish.

Blackbutt

Walnut

Tasmanian Blackwood

Woodgrain Laminate

Woodgrain laminate is a decorative surface that replicates the look and feel of natural timber, with a detailed texture that can be seen and felt. It offers a consistent grain appearance across every piece, creating a durable, realistic and beautifully finished cabinetry surface.

Vero Oak

Nordic Oak

Smoked Ash

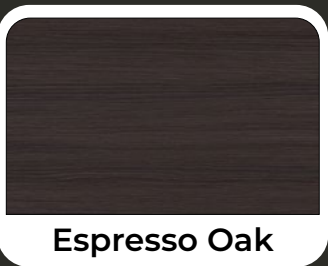

Urban Oak

Tuscan Oak

Chestnut

Espresso Oak

Smoked Onyx

Laminate & Thermolaminate

Both laminate and thermolaminate offer a smooth satin finish that is durable, sleek and easy to maintain. Ideal for those who prefer a clean, uniform aesthetic, these solid-colour finishes provide a refined alternative to the natural grain and variation of timber laminate, creating a streamlined look with consistent colour across the cabinetry.

Matte White

Sand

Sage

Signature Surfaces

Designed for everyday living.

Benchtops

Thoughtfully paired with Fifth Avenue vanities, our Signature Surfaces stone benchtop collection enhance each design with a durable finish that feels both modern and timeless.

Crafted from a crystalline silica-free mineral surface, each benchtop is low maintenance and highly resistant to scratches and stains. Natural variations in pattern and veining give every piece its own character.

Soft Mist

River Breeze

Auora Sky

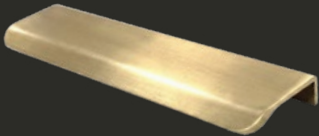

Arctic Tundra

Customisable Cabinetry Handles

Our curated handle collection offers a refined range of styles and finishes, allowing you to personalise your vanity with ease. With a multitude of different colour options to match your aesthetic, each option has been thoughtfully selected to complement a variety of bathroom styles.

Adjustable Shelving

Shelving with adjustable heights allows you to customise the interior storage, making it easy to organise toiletries, grooming essentials and everyday items.

Designed for Every Bathroom

Crafted at a consistent 1000mm height and available in multiple widths, the collection delivers maximum storage to suit your lifestyle needs.

Full Mirror Coverage

Curved edges and inward-opening doors are carefully engineered to maintain an edge-to-edge reflection, creating a mirror surface that is uncompromised by the cabinet design.
